Mike Utley

In 1991, Detroit Lions' offensive guard Mike Utley (#60) was paralyzed during an NFL game at the Silverdome in Detroit, Michigan. Mike's

courageous "Thumbs Up" gesture as he was carried from the field has come to symbolize his fighting spirit. Today, his goal is to help and encourage others living with spinal cord injuries. The Mike Utley Foundation was consequently established to provide financial support for research, rehabilitation, and education for SCI related injuries. The Sporting Lands Alliance, a proud supporter of disabled sportsmen, is pleased to present Mike Utley as the speaker at the 4th Annual Meeting and Awards Dinner.
